Sec: Communication from martin to be discussed under A.O.B

A.O.B. Lottery Martin projected that lottery would return £964 in reality it made £180 After prizes paid out there was a loss of £24. It was decided not to continue with it.

Discussion then ensued re Martin Atwell's behaviour and subsequent communications from him and Mick Haynes following committee decision to issue Martin with a final warning. Points were made, both for and against Martin's plea to play again without final warning hanging over his head. Mick has said he will take full responsibility for any further incidents and will deal with them. In light of this, and having no wish to lose a good team due to lack of players, it was decided that Martin could continue under the agreement made by Mick Haynes. Tony will write to Martin re this decision
